

CNAC ASSOCIATION REUNION 2017

Sept 6–10, 2017

**Embassy Suites
Airport SFO – Waterfront
150 Anza Blvd.**

Burlingame, CA

April 4, 2017

Dear CNAC Family and Friends,

Looking back at the successes of the reunions for 2015 and 2016, and looking forward to all the many possibilities, we see much promise for the future. We are keeping the memory of the men and women of CNAC alive into perpetuity in some of the most prestigious museums, in books, in film, and in your local area.

We had four film makers at the 2016 reunion. We watched two beautiful films. Hao Chin's film showed interviews with witnesses of John Dean's crash site, made high up in the Himalayans in a small village near the site of crash. Our long-time friends, How Man Wong, Xavier and the others from CERS premiered their new film at the 2016 reunion. The film featured three centenarians, our very own CNAC Captains, traveling to many sites where CNAC flew in China. The film is being shown on Cathay Pacific Airline. We also had presentations from two other film makers working on movies involving CNAC, Tong from China and Charles de Rouvre, Gallaxie Productions, from Paris France. Hopefully, in the near future they will premiere their films at a CNAC reunion.

Stories of CNAC pilots were told: Ship # 58, the famous CNAC Crocodile Story, and many more. Some were new, and others we all remember because they have been told over and over through the years. The stories have become our stories, remembering those who have gone before. Some were sad and some were fun.

Chris Bull presented route maps and explanations of the routes, the weather, and the difficulties. We gained more understanding of what CNAC flyers faced.

These are just a few of the highlights of 2016. Thank you to all who made last year's reunion so very memorable. We would like to hear from any of you who would be willing to share with us this year or let us know what you would like to learn or see presented 2017.

There is much work to be done and your dedication to keeping alive the memory of this small group of heroic men and women is so truly appreciated and needed. As we continue to work together to tell our stories, CNAC Association is here for you. We need your help, input and support of each other's projects in order to do great things in remembrance of this unique history.

With warm regards and wishes, my friends,

Peggy Maher
